

ENVIRONMENTAL LEVY (EVL) ON WATER USE

Ministry of Finance
March 2023

Did you know?

The number of households with water connection in Grenada is 37,657.

Of that number, some 22,722 households (almost 60.3%) consume less than 2,800 gallons of water per month and will pay NO Environmental Levy (EVL).

Another 11,844 or 31.5% consume from 2,801 gallons up to 5,500 gallons per month and will pay an additional \$5 per month.

Roughly 4,988 residential consumers consume in excess of 5,500 gallons and will pay \$10 more each month.

Did you know?

01

1. That the EVL collected on Electricity and Water goes directly to the Grenada Solid Waste Management Authority (GSWMA) to support their efforts to keep our environment clean and safe.

02

1. A clean environment can enhance peoples' quality of life, reduce mortality, and other health benefits.

03

1. Environmental sustainability and security is one of three pillars of Grenada's National Sustainable Development Plan 2035 and that this Levy will contribute to that goal.
