

REQUEST FOR EXPRESSIONS OF INTEREST INDIVIDUAL CONSULTANT SELECTION (INDV)

Name of Project	Grenada Climate Resilience Water Sector Project (G-Crews)
Loan No./Ref No.	GD-G-CREWS-7S-TBMP-2024
Assignment Title	Individual Consultant – Ecologist - Ecological Assignment under the Water Transfer System.
Country of Delivery	GRENADA

The Government of Grenada has received a Grant from the Green Climate Fund managed by the “German Gesellschaft fuer Internationale Zusammenarbeit” toward the cost of the project “Improving the Climate Resilience of Grenada’s Water Supply System and Infrastructure” (G-CREWS) and intends to apply part of the proceeds toward payments under the contract for an Ecological Assignment under the Water Transfer System.

This Individual Consultancy seeks to engage the services of an Ecologist to monitor the forest for critical life cycle activities of terrestrial animals and thereby to limiting direct impact to wildlife in vulnerable life cycle periods during the construction of the 7-sister water transfer pipeline. They will work closely with The National Water & Sewerage Authority (NAWASA) to achieve the project’s objectives.

You can find the detailed Terms of Reference (TOR) for the assignment at the following websites: www.procurement.gd NAWASA’s website and Facebook page. Alternatively, you may request the TOR via email from gknoll@nawasa.gd.

The National Water & Sewerage Authority (NAWASA) hereby invites eligible consultants to express their interest in providing the required services. Interested consultants are requested to submit information that demonstrates their qualifications and relevant experience to effectively carry out the services.

The attention of interested Consultants is drawn to Section 26 paragraphs 3, 4, 5, 6 and 7 of the Public Procurement and Disposal of Public Property Act 39 of 2014 setting forth the Government of Grenada’s policy on conflict of interest.

The best-qualified consultant to carry out the services will be selected in accordance with the Individual Consultant Selection (INDV) method set out in the Regulations and based on the following criteria:

- University degree in Ecology, Environmental Science or related field

- Additional training or certification in Biodiversity Management and Environmental Impact Assessment/
- At least 8 years of experience in developing and implementing environmental management plans.
- Experience in conducting ecological assessments and developing biodiversity management plans for infrastructure projects.
- Knowledge of Grenada's Biodiversity and environmental regulations.
- Experience working in the Caribbean region, with focus on Grenada
- Proficiency in English, both written and spoken.

Further information can be obtained by requesting clarification via email to projects@nawasa.gd copied to gknoll@nawasa.gd

Expressions of interest must be submitted electronically via email to projects@nawasa.gd copied to gknoll@nawasa.gd .Upon submission of documents, you will receive a confirmation email acknowledging receipt.

Deadline date of submission: June 13th, 2025, at 2:00 P.M.AST
